「消費文化考察」初級組冠軍由香港九龍塘基督教中華宣道會陳瑞芝紀念中學奪得，參賽題目為「向『無現金』世界出發？我們對現金的恩怨仇情」，左起為林鈺堯、陳芷銳、陳楠謙及伍懷谷。（黃迪暉攝）

限用現金兩周 更珍惜

特寫 本港疫情肆虐近3年，不少人消費模式由現金付款轉為電子支付，在這個消費新常态下，有4名初中生透過分別體驗只用現金及只用電子支付生活，明白電子支付屬大勢所趨，但有同學稱現金「一手交一手」的人情味，「是電子支付無法做到的」，日後反而會盡量多用現金，冀保留這份人情味。

林鈺堯同學憶述，有次外出搭巴士時忘記帶八達通卡，但當時受制於只能用電子支付，遂硬著頭皮向陌生阿姨借錢，對方二话不說點頭答應，令她頓時感到「原來一枚看來冷冰冰的硬幣都可以

消費文化考察報告獎頒出

【香港商報訊】記者何加祺報道：由消委會與教育局合辦的第23屆消費文化考察報告獎昨日舉行頒獎典禮，今年獲獎作品題材多元化，既能緊貼新常态下消費議題，同時展現無限創意。其中「可持續消費創意設計」主題獎的得獎作品均充分體現為可持續消費提供創意的新方案，融入日常生活中實踐。

蔡若蓮：加強正面消費價值觀

教育局局長蔡若蓮應邀出席活動致辭時稱，隨着消費模式逐漸轉變，網絡消費變得更為普及，消費者可選購的商品愈趨多樣，付費方式亦趨便捷，容易造成過度消費，故加強同學正面的消費價值觀，是理財教育重要的一環。

消委會主席陳錦榮表示，綜觀今屆的作品，同學們不僅緊貼社會脈搏及發展，題材亦多元化，獲獎作品既有反映時下千禧一代的網紅文化，分析「精緻窮」背後的生活態度，亦有透過親身體驗只用現金或電子支付，理解「傳統」和「新世代」消費模式並存下的社會百態。

今屆的初級組冠軍為九龍塘基督教中華宣道會陳瑞芝紀念中學，其研究議題為「向『無現金』世界出發？我們對現金的恩怨仇情」。至於高級組冠軍是協恩中學的「沒錢的貴族人生」。

據介紹，消費文化考察報告獎是消委會的年度旗艦教育活動，旨在鼓勵青少年發掘有趣的消費議題，並透過觀察和分析，從而反思及建立正面的消費價值觀。有關活動自1999年推出以來，至今已舉辦23屆，參與中學的累計總數增至375間，歷年共吸引逾8.2萬位學生參加。即使本年初第五波新冠疫情嚴峻，仍吸引逾590隊逾2500位來自全港77間中學的學生參加本年活動。

CHOIR

SCC CHOIR is formed by a group of enthusiastic and motivated students in our school. It is a fun-loving yet disciplined group of choristers that embodies the vibrancy of the performing arts in the school. The choir performs an eclectic repertoire of songs ranging from jazz to sacred hymns. To nurture the choristers into confident and all-rounded individuals, the choir organizes different performances and also takes part in choral events.

Our school choir has joined the Hong Kong School Music Festival and clinched numerous awards in these years. Apart from this, we have actively participated in local charitable events, such as the Carol Singing Festival for the Child Development Matching Fund and Music Children Foundation. On the other hand, we have also performed in different occasions, such as Disney Performing Arts, in order to share our love of music with the public and community.

Prefect

Leung Yan Ming

After being a prefect for one year, I have become more outgoing. There is no doubt that I have gained a lot of valuable experiences by communicating with teachers and fellow schoolmates, which is in fact my first move stepping out of my comfort zone. It is my honor to gain trust from the teachers and be promoted to a head prefect.

Being a head prefect, I have more opportunities to improve my leadership skills, which helps me work more efficiently and smoothly with other people. Besides, I had poor time management before, and the duty of the prefect has now encouraged me to have better planning of my time. By setting up a time table, I can get a balance between my studies and the duties. I believe being swamped with the assignments is never an excuse to refuse serving our schoolmates.

Time waits for no one. Therefore, I do treasure the moments in SCC. Taking the initiative to try and serve, you will soon find that the marvelous school life and the various experiences you have gained are unforgettable and deeply imprinted in your heart.

Chow Lok Yee

After dedicating myself to the Prefect team for three years, it is undeniable that I have gained a lot from it. Through the job of helping teachers maintain good order, I have obtained more opportunities to meet more people and become genuinely integrated in school. I have also developed finer time management skills, between personal learning and tasks in the Prefect team.

Being busy with academic assignments is never an excuse for refusing to serve. Not only does serving allow us to improve ourselves, but also urges us to step outside our comfort zone, leading to a more diverse youth time. Last but not least, if you can feel the raging fire in your heart, please don't hesitate to respond with actual deeds. So whether you are in your class or at school, you can try to dedicate yourselves. I am sure that you will learn your lesson through the process.

matthew house

Tsang Hei Man

Being the captain of Matthew House this year was a fulfilling and rewarding experience. We often involve building relationships with fellow students, teachers, and staff members. This can create a strong sense of belonging within SCC. In addition, we feel a deep connection to our peers, as we work together towards common goals and collaborate on various jobs. However, no doubt being a student leader also comes with challenges and pressure. Balancing academic responsibilities with leadership duties, managing time effectively, and handling conflicts. Nevertheless, it fulfills my responsibilities to the best of my abilities. Overall, being the captain of Matthew House has provided me with opportunities for personal growth and development, and most important, the memorable experience passed through with my teammates.

Ko Shun

I want to be a house staff since I got into SCC. This year, I finally achieved my dream of being the house captain of Matthew's house. Being a house captain is challenging for me. Instead of leading whole house members to win the victory. I also need to build and maintain a good relationship between the six house staffs. I must ensure that everyone is able to participate and doesn't have any negative feelings waiting for me, but I am sure I must overcome them because I have a great team and I am sure we may help each other when our parents are in need. I also have to spend time studying at the same time. Therefore, the second challenge for me is to learn how to allocate my time. Maybe there are many challenges are waiting for me, but I am sure I must overcome them because I have a great team and I am sure we may help each other when our partners are in need.

SPORT HEAD

Chu Hiu Ning

Lai Ho Long

This is my pleasure to hold this post. As a rugby player, sports bring me lots of excitement. I really want to create the sport culture in SCC, so everyone could enjoy sport experience. My vision is to encourage our schoolmates and the students who are not good at sports to participate different sport events. The path would never be easy so you have to work harder as you think and being a student athlete is also the same. Staying focused and dedication are the keys to success.

After joining our school's cross country team last year, I found that doing exercise can really make me feel healthier and be more confident. Therefore, I hope to be able to promote sports to our schoolmates, so they could experience the benefits of doing exercise. Don't be afraid that you're not good at sports or have no time to do exercises, start from doing something easy. Every workout counts. If you have a body, you're an athlete!

BOYS BADMINTON

Chan Chun Nam, Gary

Throughout the years in the Badminton team, it has been my duty to take care of all the team affairs no matter big or small. For example, I have involved in important matters such as ordering of badminton team uniforms and trivial matters like putting shuttlecocks in good order, etc. Those are just some of the duties a captain needs to perform in order to look after all the teammates. Although it is tough and tiring, I know it all comes down to the time and effort I put in to make the team's spirit thrive.

As the head captain of the school badminton teams, I am definitely proud of my teammates and we will continue to strive for better results and pass the spirit on for the legacy of the SCC badminton teams.

Chan Shing Hei

As I'm the captain, I attempt to make sure my teammates can attend training. Besides, I often encourage them when they are mad in training. I gain a lot of benefits from being a captain. I have improved my team working and communication skills. Learning these skills undoubtedly will be of great upside in personal growth and future development in the long run.

This year will be my last opportunity to participate in the Inter-school Badminton Competition with my teammates. I hope we can win the championship and don't leave any regrets in our secondary school.

Indeed, I enjoy every training session in the team. I hope more students will discover the fascination of badminton which is a mind-blowing sports.

Lam Lok Him

It is my pleasure to be one of the captains of the Boys Badminton team. As a captain, it's important to unite my teammates in the competition. Also, asking them to prepare for the coming Inter-school competition is important too. My hope is getting better results than the previous competitions.

Last but not least, I think that sport teams' captains have to know more about other teammates. Precisely, I believe that knowing their feelings is vital, which will lead to less arguments in the training time and competition. It's also a good chance to build up social connections with most of the team members.

Leung Ming Hin

As the captain of the Boys B grade Badminton team, I am privileged to have the opportunity to share my experience of working in this position. As a captain, I have to make sure my teammates are training properly and efficiently to get ready for the Inter-school competitions next year. Since the B grade is starting to get competitive, I have to make sure they are preparing themselves mentally and physically for the upcoming battle next year.

It is not all about monitoring though one of the most important roles as a captain is to get to know the teammates better. Some teammates might be shy and unwilling to speak up, so as a captain, I feel like it is necessary to understand their hardships in training. This could also be a great chance to get to build more social connections, as well as boosting the confidence of my teammates, leading to an environment that encourages players to strive for the best.

Lau Cheuk Yin

It is my honour to be the captain of the team. In the previous year, the table tennis team reached new heights. The B grade of our team got a merit in the interschool competition, which is thrilled to see. In this new year, we aim to get prizes in different grades of competition. With the huge support from school and our schoolmates, I believe our team can play good games and seize the opportunity to get a prize. Every school team trains hard and aims high. I hope students can support school teams this year.

Table Tennis

As team captains, we're equipped with everything a scc athlete might need and well-prepared for the exciting competition or challenges that lie ahead! In the previous year, our B grade team got a merit for the inter-school competition and we have been given an excellent opportunity to participate in All Hong Kong Schools Jing Yang Table Tennis Tournament, paving the way for us to the new journey of table tennis. During the current year, we will unite our teammates and try our best to win the game. Moreover, 3 minutes glory on stage, is 10 years hard work off stage! Every scc team members train very hard in order to improve their skills. So, students are encouraged to support the school teams, especially the table tennis team, which takes a paramount importance in boosting our morale. Thank You!
